Wall Outlet Mount LED Dimmer 12VDC 60W/5A

PRODUCT NAME	Wall Outlet Mount LED Dimmer with On/Off switch - 12VDC 60W/5A
SKU	LC-LF-20DIM
PRODUCT URL	Click Here
DESCRIPTION	<p>This is a sleek new wall mounted LED Lighting Dimmer that is designed to fit in any standard electrical wall box with a decora style faceplate. This product is made for use with 12VDC Constant Voltage LED Lights only. With 5A output this dimmers max load is 60W, we recommend only dimming 55W max from this dimmer. Smooth dimming can be achieved simply by sliding up and down the dimming slider and on/off can be achieved by the bottom switch. Use a single channel signal amplifier to dim an additional 120W of lights (SKU: LC-LT-1AMP). If you are looking for a seamless, clean, wall mounted LED lighting dimmer for your home or business this is a great product for you. This product is not a high voltage dimmer and is only intended for use with low voltage 12VDC LED systems, applying high voltage to this product will damage the product beyond repair. This dimmer is only available in white.</p>
CONTROLLER TYPE	PWM
SUPPLY VOLTAGE	12VDC Constant Voltage
OUTPUT	1 channel
