PRODUCT URL	Click Here
DESCRIPTION	Our 4ft UL listed linear wraparound LED light fixtures outputs a consistent and glare free 4000K daylight white light through a UV resistant polycarbonate cover and matte white housing. These fixtures are designed to replace standard neon tubes and fluorescent light fixtures with a high brightness and low power consuming commercial fixture with over 75% more energy savings. The light efficiency boasts an impressive 107.5 lumens per watt for a total of 4300 lumen output per fixture. Each fixture cover is taken to easily mount the back plate with 3 large and 2 small wire knockouts for easy installation. A built-in universal driver allows for a wide range of AC input from 100-277VAC for home, office, and industrial applications. Line connec-tions can be made inside the fixture or can also be attached to a 2.75" junction box. Each fixture has a long life time over 50,000 hours as well as a 3 years warranty and also includes 1 mounting bracket, 2 mounting screws, 2 knockout grommets, 3 wire nuts, 2 drywall screws and 2 drywall anchors.
