

Magnitude's M200L24DC is the most compact LED driver on the market with a magnetic transformer core. It is equipped with 1 push-to-reset circuit breaker on the output, which protects both the load and driver. The driver is encased in a coated metal box that includes 2 knock-outs on the bottom to enable easy installation that complies with electrical code requirements.

Features

- Push-to-reset circuit breaker on the output
- Dimmable with magnetic low-voltage dimmers
- ETL listed
- CSA listed
- UL standard 8750

Max Load	200W
Input Voltage	120V 60Hz
Input Current Full Load	2.51A
Output Voltage Full Load	22.1V
Max Output Current Full Load	10.9A
Open Circuit Output Voltage	24.7V
Efficiency	81.9%
Power Factor	0.93
Coil Former	Double Section Bobbin
Thermal Class	B130°C
Leads Primary	PVC 600V #18
Leads Secondary	PVC 300V #12
Height	9.8"
Width	3"
Depth	3"
Weight	87 Oz.
