

Designed to build indoor fixtures to illuminate passageways, staircases, etc. If hidden, LED strips give a soft reflected light and do not cause glare. The set of different covers, diffusers and reflective surfaces allows to obtain the desired intensity and dispersion of light.

Patent Number: US D800,374 S

Fixture Certified to NSF 2 standards when assembled by KLUS

Closet Rated

- Concealed source of light
- Easy disassembly
- Simple design

FINISH:

Silver anodized

Fill empty fields

TECHNICAL SPECIFICATION

Application

- illumination of walking routes and stairs

Assembly

- in the groove with mounting adhesive or springs

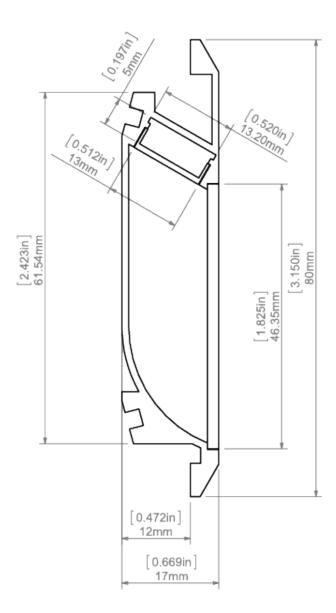

Additional information

- the light reflection chamber may be open or covered with a frosted lens

- spece for LED strip: 0.52" / 13.2 mm

Turn off LED lights during peak day light hours in outdoor applications to avoid excessive heat buildup which will result in diminished LED life.
