

Product Description

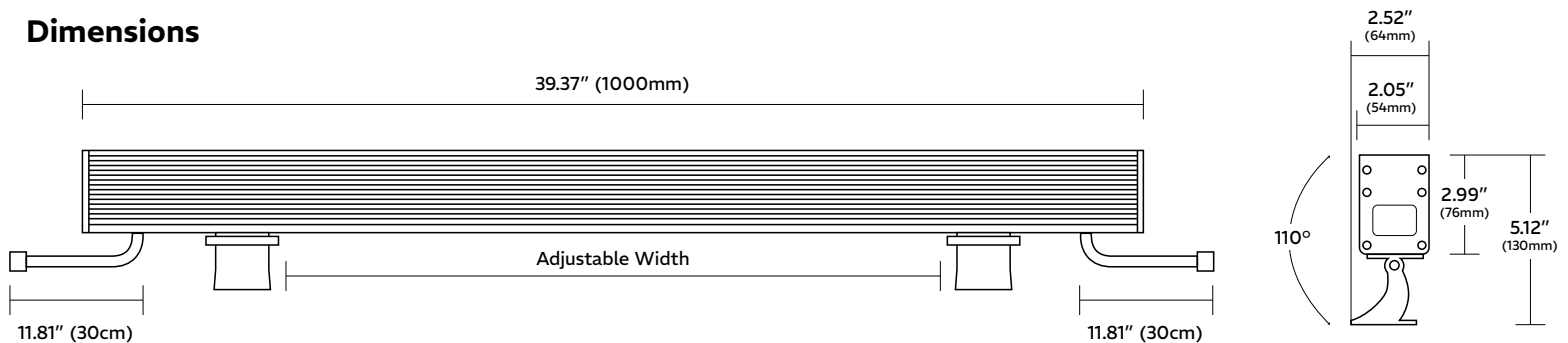

The 40" ETL Listed LODESTAR RGBW LED DMX Wall Washer is our premiere linear fixture for the most advanced lighting professionals. Powered by 120VAC high voltage that enables longer serial connections without the need of a DC power supply, DMX decoder, or tedious parallel wiring. The built in DMX allows for integration within any DMX512 control system. Twenty-four high quality OSRAM 4in1 RGB + 4000K LEDs provide reliable and long-lasting color plus white illumination on walls, buildings, architecture and exhibits.

Features

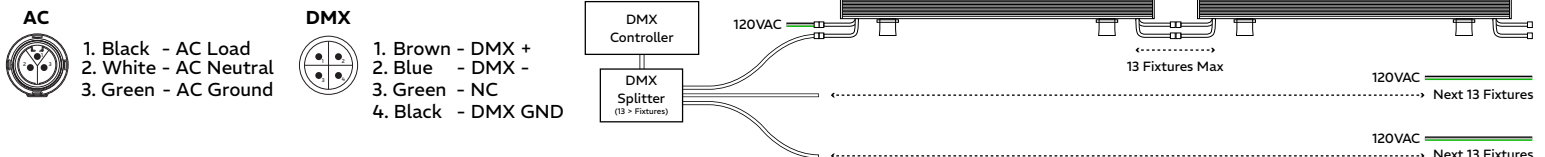

- High Quality Aluminum & Tempered Glass Construction
- Corrosion-Resistant Electrostatic Spray Coating
- OSRAM High Efficiency LEDs with Honey Comb Lens
- L70 @ 100,000 hours (77°F)
- IK08 Impact Resistance
- ETL Listed
